

“Jani provides a holistic and engaging learning opportunity that will make a profound difference to my work.”

## About Jani Murphy

Jani Murphy will change your life. She transforms how you experience your workplace. She helps you to be more effective in your work. She delivers strategies for mastering your important day-to-day tasks such as email, presentations, meetings and leading teams.

Jani is a highly skilled workplace productivity expert and qualified educator with over twenty years' experience in training and consulting. Her techniques support your team to create a happier stress-free workplace. Jani's insights and step-by-step approach change work habits and allow people to be more effective in achieving project outcomes and organisational objectives.

Jani works with a variety of clients across the corporate, government and business sectors. You'll find she is a very direct and practical person. Her programs deliver results-oriented outcomes that will assist you personally and professionally.

When you work with Jani, you receive practical strategies that will dramatically improve your productivity and effectiveness.
